

**Costruzione in acciaio inox. Un singolo movimento assicura l'esatto grado di finezza desiderato. È sufficiente girare il collare inox alla base del macinino e selezionare una delle posizioni predisposte. Più si gira l'anello e maggiore sarà il grado di finezza. Peugeot offre 6 livelli di macina per il pepe e 3 per il sale. In aggiunta è possibile perfezionare la scelta con il sistema **U Select** che permette di selezionare livelli intermedi di macina. I macinapepe/sale Elis sono dotati di una lampadina che si accende al momento del loro utilizzo. Sono confezionati con un piattino, sei batterie e una lampadina di ricambio.**

A single movement ensures that the exact degree of fineness is obtained. You have only to turn the stainless steel collar at the base of the mill and select one of the pre-set positions. The more you turn the ring, the finer the grind becomes. Peugeot offers no less than 6 pre-set levels of grind for pepper and 3 for salt. In addition, one can refine the choice still further as the **U Select** system also allows you to select intermediary grind levels. These mills are fitted with a light that comes on when the grinder is in use. They come complete with a small dish, six batteries and spare bulb.
