A NEW LIFE

SEE COLLECTION ONLINE

As part of our commitment to a more sustainable future, we are proud to introduce a new collection, A New Life, crafted from recycled materials. This marks the first step in our ongoing journey toward circular design and responsible production. The factory we partner with not only meets high environmental standards but also prioritizes the welfare and fair treatment of its employees.

While this is just the beginning, it represents a meaningful milestone for us; a reflection of our belief that good design and good values go hand in hand. To celebrate this step, we have added the *Circular Heart* symbol; our emblem of purpose, progress and our dedication to doing business for good within our industry.
